"Winging It"

Center School Meets Feathered Friends

Center School students in Mattapoisett were treated to a program on Native American craftwork and various birds of prey on Tuesday, November 24 in the school's cafeteria. Jim Parks of "Wingmasters" brought some feathered friends with him to explain to students about the different species and how Native Americans revered such birds as owls, falcons, and hawks.

Mr. Parks introduced students to two different owls, a small falcon, and a large hawk — all of which were highly-respected among Indian tribes for their spectacular beauty and hunting powers. Mr. Parks noted that birds like eagles and hawks were considered great spirits, and Native Americans would have to "earn" the right to wear their feathers with pride.

Students were mesmerized by the majestic birds, sitting silently in awe as Mr. Parks brought out each new specimen from enclosed wooden boxes. The program was made possible by the Mattapoisett PTA and was previously presented at Old Hammondtown School earlier that same day.

Growing Pains

Rochester Eyes Public Safety Facility

By Kenneth J. Souza

Despite its rural setting and the fact that it's almost hidden away from the rest of the SouthCoast area, the Town of Rochester is beginning to feel major growing pains as it searches for ways to meet the demands of public safety needs and state-mandated requirements. For years the town's Police Department has been forced to work out of a makeshift "police station" which is nothing more than a renovated mobile home; the Fire Department has struggled with minimal storage space and lack of proper vehicle bays in which to keep apparatus; and although the Communications Department has been able to acquire some updated equipment, its dispatchers are subjected to diesel fumes within the tight confines of the existing main Fire Station.

"It's really way overdue," said Selectmen Chairman Richard D. Cutler. "If we are going to be serious about public safety in the Town of Rochester, then we need to have a place to house a Public Safety Department ... and we simply cannot go on the way we are going."

A solution has been proposed in the form of a combination Public Safety Building which would effectively house all three departments and make the best use of shared space. Estimated to cost \$3.25 million (including \$250,000 for land acquisition), the project was approved by Town Meeting last week and will be bonded through a Proposition 2 1/2 override if voters approve the measure on the upcoming December 2 Special Election ballot.

Though most residents agree there is a need for a

new public safety facility in town, many are concerned about the estimated cost and the project's long-term impact on the tax rate.

"The need is there ... but it's a lot of money to ask for at this time," said Lieutenant Jeffrey Eldridge of the Rochester Fire Department.

"It's not going to get any cheaper," said Selectman Naida Parker. "If we don't do it now, the price tag is just going to keep going up and up and up. It's going to be a financial burden on many people, but it's going to be a burden no matter when (it's done)."

"The cost for constructing a new facility at \$3.25 million is high," agreed Finance Committee Chairman Michael Costa. "However, for this the taxpayers will get a facility that will meet the town's needs for at least the next 30 years. Building a smaller, more limited facility would mean that the town would outgrow the facility in the next 10 or so years and have to incur the expense of construction and rehabilitation again."

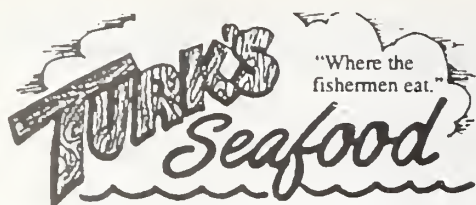

"Everybody is always concerned about the cost," Selectman Cutler said. "We try to tell people that (a quality) building costs money. From my perspective — and this is the kind of thing I do for a living — you're much better off spending some money upfront and doing it right the first time."

Mr. Parks explained how the Native Americans revered such birds and wore their feathers as a sign of honor and pride. (Photo by Kenneth J. Souza).

Cover insert: Architect Allen Lieb has proposed this combination police, fire and communications Public Safety Building for the Town of Rochester. Voters will be asked to approve the bonding of the \$3.25 million project at a Special Election on Wednesday, December 2. Polls will be open from 8:00 am to 8:00 pm.

FinCom Chairman Costa explained that if the single-item ballot is approved by voters next week, an average homeowner in Rochester would see a hike of about \$183 in fiscal year 2000, with that impact diminishing to \$97 by the year 2019. Since the current interest rates are at a 20-year-low of 4.75 percent, Mr. Costa said the FinCom agreed it made sense to borrow the money now and retain the surplus money in the Stabilization Fund in case the town loses its considerable monthly contributions from SEMASS.

"It's very easy to say it costs too much money and put it back on the town fathers to come up with an alternative scheme," Selectman Cutler said. "It's not as easy as they would like to think. They want it to be our problem and not their problem ... but public safety is everyone's problem."

"There is no way that the town can continue to function with a Police Department in a trailer," said Selectman Patricia Ryan. "Before the state decides to come and tell us how to run our town, we need to look at plans and make a decision that we're going to support a project. I pay taxes in this town, I'm on a fixed income, and I'm willing to support this."

Rochester's Special Election will take place on Wednesday, December 2, with polls open from 8:00 am to 8:00 pm at the Rochester Town Hall. Absentee ballots are now available from the office of the Town Clerk until 12:00 noon on December 1. You may obtain an absentee

receive and dedicate a new American flag which will be kept on display in the Town Hall Conference Room in memory of Mr. Davidson. Mr. Davidson was born on July 22, 1914 and died on November 7, 1998, having moved to Mattapoisett in 1955. The board thanked his family members for their wonderful donation and quick response to a request for an American flag. "It was nice of you to donate the flag in memory of your dad," Chairman Lambalot said.

At 7:05 pm the board met with Harbormaster Steve Mach to approve the final version of the proposed Harbormaster's Wharf, Mooring and Anchorage Rules and Regulations. Mr. Mach noted that the amended version now being considered did not include copies of the permits, forms and Hurricane Plan as previously suggested. These latter items will be provided to harbor users, but are not part of the proposed rules and regulations.

"What we're signing here are just the mooring rules and regulations," Mr. Mach said. "The Hurricane Plan can be changed and amended from year to year."

One of the sticking points for Selectman Bernier was the rule limiting swimming off boats in the harbor. Selectman Bernier felt the 30-foot limit was restrictive. "Have we had any accidents in the mooring area with people swimming off their boat?" she asked. "I have a problem with limiting swimming ... to 30 feet."

But Selectman Denham felt the town might be liable if an accident does occur within the mooring area. "People already have designated swimming areas," he said.

"Our intent is not to stop people from swimming off their boat or enjoying the harbor," Mr. Mach added. "We just want to keep the swimmers basically around their boat ... the committee decided on 30 feet."

"I see nothing wrong with the 30-foot restriction,"

At 7:20 pm the board met with Adin "Rod" Gould, who has applied to the position of Associate Member on the Board of Appeals. The board noted they were ready to appoint Mr. Gould last week, but they wanted a chance to meet with him first. With that, they unanimously voted to appoint Mr. Gould as an Associate Member of the Mattapoisett Board of Appeals.

At 7:30 pm the board met with Nancy Leonardo and Debbie Stinson from MediaOne and members of the Mattapoisett Cable Committee to discuss the purchase of video cameras and equipment for permanent installation

in the Town Hall to tape and broadcast weekly meetings. Ms. Leonardo noted that under the town's current contract with MediaOne, they are entitled to \$25,000 to purchase equipment, which MediaOne can provide in goods or funding. "In some communities, we go out and purchase the equipment for them," Ms. Leonardo said. "But we can cut you a check, too. We'd need 60 to 90 days to get the equipment for you."

Both the board and members of the Cable Committee were still unsure as to how they wanted to proceed, and if they would broadcast meetings "live" or tape them for later broadcast. Cable Committee Chairman Daniel White said that decision would have to be made before anything was purchased.

The initial plan is to set up cameras in both the new Town Hall Conference and smaller Selectmen's meeting room so that simultaneous meetings could be covered — one live, and one taped. Ms. Leonardo agreed to research equipment options for the town and present a proposal based on the available \$25,000 budget. "We'll get some people in and have them submit a proposal," she said.

On a related note, Diane Perry once again asked for volunteers who are willing to assist in the taping of weekly meetings, and she would gladly provide the necessary training to anyone who comes forward.

The board next signed and approved:

- Massachusetts Standard Contract for the completion of a final report on the Eel Pond Project detailing nitrogen management options as requested by Sarah Wilkes, Land Use Analyst for the Buzzards Bay Project.

- Release Agreement for a settlement from Town Counsel of \$2,250 for damage to the town dock incurred on August 21, 1997.

Under incoming correspondence for the week, the board received:

• Notification from MediaOne that the rates for cable service for Mattapoisett residents will increase an estimated 5 percent, effective January 1, 1999.

• Notice that the Computer Advisory Board will hold a meeting on Monday, November 30 at 2:30 pm in the Town Hall Conference Room to discuss the development of a town website on the Internet.

• Letter from Mr. and Ms. Kenneth Fleury of Brandt Island Road stating their support of the state's purchase of the Brandt Island Road property and retaining said land as open space.

• Copy of a memo from Fire Chief Ronald Scott regarding the building of a Thanksgiving Day bonfire at Old Rochester Regional High School.

• Letter of appreciation from John N. DeCosta, Chairman of the Veterans Day Committee, for the participation of the Selectmen and Mattapoisett Police Color Guard in the town's Veteran's Day exercises.

• Letter from Attorney Philip N. Beauregard on behalf of his client, Daniel O. Mahoney, Trustee of Goodspeed Island Trust. According to Attorney Beauregard, Mr. Mahoney has concerns relative to the construction of a proposed multi-use bicycle path along the easement the Town of Mattapoisett granted to the trustees in 1980. This easement runs from Depot Street to the lots on Goodspeed Island. Attorney Beauregard said the proposed placement of a bike trail at the site could breach the conditions of Mr. Mahoney's easement rights for which his clients will seek relief.

• Notice from the State Lottery Commission that the Knights of Columbus have renewed their License to Conduct Charitable Games from November 1, 1998 to October 31, 1999.

At 8:25 pm, Fire Chief Ronald Scott came before the board to inform them of a concern he has in getting people to respond to calls during weekdays. "We had a call at 10:36 this morning for a gas leak ... on Old Marion Road and Tupelo Lane," Chief Scott said. "It took 12 minutes to get two people to respond to the call. We're in

trouble during the day ... I wanted you to be aware of this. Twelve minutes is a long time to respond to a call."

Noting that many of his call firefighter force works out of town during the week, Chief Scott added that their usual response time is about four minutes. Lately, it's been difficult to get responders during daytime business hours.

"We've advertised for help, but it's a big commitment during the day," he said.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:35 pm.

request under advisement, agreeing to review the local law for proper restrictions. Selectman Schaefer explained to a concerned citizen who attended the meeting that no action will be taken on the matter until further ruling by Town Counsel and a public hearing vote were held sometime in January, 1999.

Police Chief Brian J. Scott wrote a letter to the board expressing his admiration for the way in which the Town of Marion Emergency Services operated in responding the November 20 airplane crash disaster on the Marion/Mattapoissett line. He wished to commend all public safety departments for a job well done. Selectman Schaefer suggested to the board they send a copy of this letter with a cover letter to the editor of *The Standard-Times* requesting that they publish a note referencing their initial coverage on the incident, as several key members of Marion were not recognized as taking part in the accident rescue that deserve recognition.

Bill Brennan addressed the board in his November 18 letter enclosing copies of the proposed cooperative agreement between the Planning Board and the Southeastern Regional Planning and Economic Development District (SRPEDD), requesting to use the 20 funded remaining hours of the Board of Selectmen in the study of a feasibility and desirability of a mixed-use park in Marion. With no objections, all members agreed to grant this request.

Media One submitted a letter notifying the board of their usual price increases and changes. Selectman

Schaefer noted these changes would be "less than 5 percent" this time, as mentioned on the news.

A draft paper from Southeastern Mass: Vision 2020 - Vision Statement and Plan of Action was submitted to the board for review regarding the development of a plan "to improve the management of land use, protect the natural environment and foster sustainable growth in southeastern Massachusetts," as their mission statement proclaims. Selectman Schaefer commented that at their last meeting the task force discussed adding the Cape Cod and the Islands to the scope of their study, which "encompasses an extremely large area that is probably the fastest growing segment in the state." Chairman Winters was in favor of the project and said he hopes he's around

At 7:18 pm Mr. Pickles brought before the board the issue of a grant signing request from the Conservation Commission (ConCom) for the wetlands restoration plan to replace an undersized culvert with a caste 50-foot culvert to increase the flow of tidal waters to rejuvenate the salt marsh on the north side of Creek Road. This is required subsurface work that in conjunction with the road construction will provide an opportunity to obtain state assistance in the necessary plan. With no objections, the board moved the issue of another grant application in the amount of \$5000 from the Planning Board in an effort to determine ownership of the railroad bed property as discussed by Selectman Schaefer. Chairman Winters offered a motion of support to enable the group to complete their project.

A brief discussion among board members was held to decide who would present which articles on the upcoming Special Town Meeting warrant.

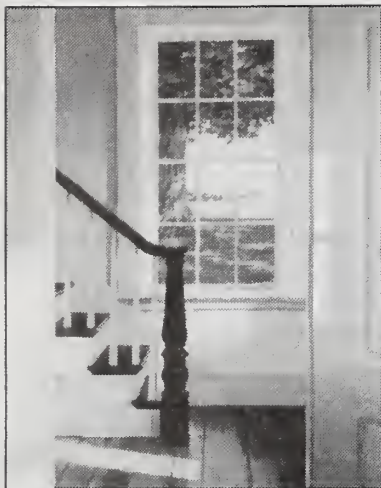

At 7:35 pm, with no further business to be brought before the board, they unanimously voted to adjourn for the evening.

Editor's Note: In a note of correction regarding a misprint on the reporting of November 17 meeting regarding the Board of Selectmen's response to a letter from Wankinco River, Inc. expressing concerns for the operation of SEMASS' South Carver Landfill, the board confidently felt that the problems were properly addressed and rectified, agreeing that "SEMASS is currently operating in satisfactory compliance."

Rochester Selectmen's Meeting

November 23, 1998

By Kenneth J. Souza

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, November 23 at 7:00 pm by Chairman Richard D. Cutler. Also present were Selectman Naida L. Parker, Selectman Patricia Ryan, Executive Secretary James Huntoon, and Administrative Assistant Veronica Lafreniere.

After unanimously approving the minutes of the November 2, 3 and 16 meetings and approving the minutes of the November 9 meeting via majority vote (with Selectman Ryan abstaining), the board unanimously voted to sign and approve payment of an invoice to Town Counsel Kopelman & Paige, P.C. for \$1,364.69. The board also voted to appoint Selectman Ryan as a member of the Capital Planning Committee with a term to expire on June 30, 1999. They also voted to appoint former Selectman Lorraine Roy Hawkes to the Capital Planning Committee with a term to expire in the year 2000 and voted to appoint Interim Executive Secretary James Huntoon as an ex officio member of the Capital Planning Committee through December 31, 1998.

After unanimously voting to sign and approve the single-question Special Election warrant for December 2, Mr. Huntoon updated the board on the status of the Town Hall photocopy machine. According to Mr. Huntoon, the existing unit needs to be replaced, and he is

looking into the possibility of leasing a new one on a per-copy basis. "It would cost about two and a half cents a copy ... and all we need to supply is the paper," Mr. Huntoon said. "If we don't like it, we'll call them and they'll pick it up within 24 hours. It will cost us about \$184 a month."

Under the Executive Secretary's report for the week, Mr. Huntoon also suggested the board delegate him to conduct a study of the various towing companies now being used by the town on a call basis. Mr. Huntoon said he would find out about each service's availability, response time, and past performance and look into what other area towns are doing.

but I don't want to get locked into doing what other towns do," Chairman Cutler said. "I'm concerned about the response time ... however, just because a towing company is in town doesn't mean they have the fastest response time."

The board unanimously voted to have Mr. Huntoon conduct a fact-finding study on the matter and report back to them at a later date.

Mr. Huntoon noted that they are in the process of gathering information as part of the Town Hall Feasibility Study, and he would like any Rochester residents who have photographs of the Rochester Town Hall from previous years to bring them in to the Selectmen's office. They would like to include this information as part of their study for a proposed restoration and/or expansion of Town Hall.

Mr. Huntoon reminded the board members that next week (November 30) is the Annual Christmas Tree Lighting Ceremony beginning at 6:30 pm outside the Town Hall, and the board will meet with the various department heads at 7:00 pm that night.

That same evening at 7:30 pm, there will also be an Informational Meeting at the Rochester Woman's Club on the proposed Public Safety Building as it appears on the December 2 Special Election ballot. The board agreed to attend as soon as their meeting concluded.

The board noted receipt of a letter of resignation from Bruce Maksy, who is stepping down as both the

town's Zoning Enforcement Officer (ZEO) and member of the Conservation Commission (ConCom) due to medical reasons. The board unanimously voted to accept Mr. Maksy's resignation and agreed to send him a letter of appreciation for his past service to the town. Chairman Cutler also asked that the ConCom make a recommendation to fill the vacancy on their board.

Under incoming correspondence for the week, the board received preliminary certification of assessments for real estate and personal property from the Massachusetts Department of Revenue for 1999. This information has also been sent to the Rochester Board of Assessors for their response.

Notice was sent from MediaOne cable television that as of January 1, 1999, the average cost for service to Rochester residents will increase about 5 percent. Notice will be sent to all customers in their next billing statements.

Chairman Cutler explained that members of the Public Safety Building Committee went to visit a recently-constructed facility in Berklee, MA earlier in the day, and Mr. Huntoon reported that the building was quite different from what Rochester was proposing.

"The building was constructed for just under \$1 million on a piece of land which the town already owned," Mr. Huntoon said. "It was opened in July ... (and) it wasn't built for tomorrow or today — it was built according to yesterday's standards."

Resident Paul Moore asked the board if there was a contingency plan if this project did not pass on the override election. "From the people I've talked to, there's a concern with the price tag," he said.

"There is no contingency plan right now," Chairman Cutler said. "If this gets turned down, we'll have plenty of time to look at other options. We put together a Public Safety Building Committee which has been meeting for a long time and came back with this proposal. The town

has already spent \$15,000 to come up with a design plan."

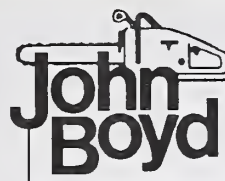

"If you have a contingency plan, then people will want a shopping menu of different options," Selectman Parker said.

"It's important to remember that the department heads have been very involved in the planning of this project ... and they're the ones who are going to be using it," Selectman Ryan said.

"I'm in favor of this project — I think it would be a wonderful asset to the town," Mr. Moore said, adding that his concerns are more with the architect who seems "locked in" to one design plan.

The board also unanimously voted to pay a \$190 invoice from Look's Kennel for boarding stray dogs and asked that Mr. Huntoon consult with Dog Officer Tom Medeiros regarding some concerns they've had over boarding expenses.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:14 pm.

SCURVEY IN GUINEA PIGS

My guinea pig is eating less and cries when he walks. My friend said he has a Vitamin C deficiency. Is she correct?

The most common problem in guinea pigs is scurvy, which is caused by a Vitamin C deficiency. Your guinea pig's signs are consistent with this natural disorder.

How can I prevent my guinea pig from developing scurvy?

1. Purchase small bags of pellets. Vitamin C only lasts in pellets for 3 months from the time they are manufactured.
2. Supplement his diet with vegetables that are rich in Vitamin C such as peppers, kale and dandelion leaves.
3. Supplement his diet with Vitamin C drops that are made for children. 50 mg per day is safe.

The good, brave people who serve us in the area of public safety have been performing under very adverse conditions. Although there are too many building problems to address here, I would like to name just a few of them. The Fire Department has had to purchase outdoor covers, as they have no more room for their equipment. The equipment that is under the roof is so jam-packed that it is very difficult to move in that crowded area. The dispatch area is old, drafty, and unsafe for the personnel and is crowded in with the Fire Department area. Each time that the fire trucks are started, noxious fumes nearly overwhelm the people in dispatch. The police are forced to operate out of an old discarded mobile home. Not only is this structure old and in a state of needing constant costly maintenance, but the absence of booking areas, holding cells, and toilet facilities present potential hazards to both the police officers and the public.

We can all assist in solving these problems by voting for the override on December 2, 1998. As yet, the location of the new facility has not been determined. The Public Safety Building Committee has engaged the services of Allen Lieb Architect to advise on the location and to build the combined public safety facility.

To answer those who feel that the estimated costs are too high, I would like to mention that special buildings such as police, fire, and dispatch all have special needs that are mandated by state law. Just a few of these are special ventilation for the fumes generated by the fire engines, training facilities, dressing areas, holding cells (which will save the town the expense of transporting prisoners to nearby towns) and a dispatch area that is, in reality, the heart of emergency response to all residents of Rochester. These are but a few of the many special requirements.

"See me for your project from start to finish"
Mattapoisett, MA (508) 758-1385

In an effort to save money, the architect has incorporated all three operations into one facility. The Fire Department will retain both of their present structures and will then have three facilities in areas of town for quick emergency response time which should lower homeowner's fire insurance rates.

Please remember that we really have no choice in this matter. If we don't do it now, the state will force us to do it. The Finance Committee tells us that now is the time to obtain the necessary funding due to the current low interest rates. Please join us in voting YES on December 2, 1998.

Sincerely,
Jack L. Ayers, Chairman
Rochester Public Safety Building Committee

To the Editor:

There is always someone around to talk about "time." The time is now, the old times, there isn't enough time, the town that time forgot, etc. As we move towards the December 2 vote for the proposed Public Safety Building for Rochester, I'd like you to think a little about borrowed time.

Rochester has been on borrowed time with respect to the Police Station and Fire Station for too long. The Police Station was placed in the present location years ago to give Rochester enough time to build a real Police Station. The trailer was "temporary." The Fire Station has been modified and has even had space carved out for the Dispatch Department, all of which was supposed to "buy us time."

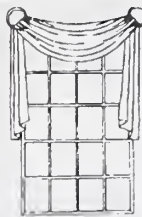

The point I want to bring out is, whether we buy time or borrow time, it costs money. Rochester is growing; we can't stop it. Essential services expected by the citizens must be provided. The project proposed now should have been presented years ago, but we have been borrowing time, putting off the inevitable. We have been lucky that none of the state and federal regulations have been enforced which would dictate what type of facility we should have. We cannot continue to be so naive to think this will continue. We cannot be naive to think we don't need a Public Safety Building. We cannot be so naive to think that the time we have borrowed doesn't have to be paid back with interest.

To the Editor:

On behalf of the Mattapoisett Recreation Committee and Recreation Director, I would like to recognize and thank the following organizations, businesses and volunteers for their support and hard work in building the new town storage facility at Old Hammondtown School:

The Mattapoisett Police Brotherhood, Mattapoisett Youth Athletic Association, Mahoney's Lumber Company, Jimmy Alves, John DeCosta Jr., Barry Denham, Dave Garro, Steve Garro, Ben Haley, John Haley, Jay Jones, Ryan Jones, Mike Lake, Peter Lorenzo, Mike Scott.

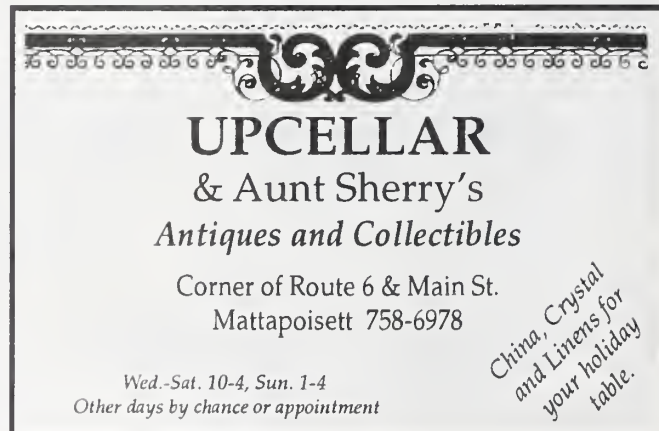

The structure has been completed with only the installation of the lighting and shelving to be done. The people of Mattapoisett should be very proud of this new town storage facility which was constructed entirely with donations.

Once again, I wish to extend my gratitude and thanks to everyone mentioned above for making this project possible.

tri-town Thanksgiving dinner again this year. As soon as fall is upon us, the seniors start looking forward to this day. The food is always good, the entertainment delightful, and the door prizes plentiful.

The courteous service given by the students is truly commendable. They escorted seniors into the building and helped them to their cars when needed. They also served everyone their meal and attended to their needs. It was wonderful to observe. We should all be very proud. It is always nice when the seniors are given the opportunity to get together with people from the other towns.

Again, a special thank you to all those who helped to make this Thanksgiving feast a special time for so many.

League Begins 1999 Phone Book

The first job of the Tri-Town Phone Directory ("Blue Book") publishers is to notify all current advertisers that work has started and to ask them to send in their renewal forms as promptly as possible. Any local business that is not included in the yellow pages (advertising section) and wishes to be included can phone or write the publishers at any time. Local residents who have had pleasant experiences with new businesses or services might also wish to give their suggestions.

Publishers John and Claire Russell may be reached at 44 Stoney Run Lane, Marion, MA 02738, telephone 748-2542.

All Blue Book advertisers and classified listers are most appreciated by the Tri-Town League of Women Voters and its members. Not only does their support make possible the book itself, but enables the League to continue its community activities such as its Voter Service Information, including candidates' nights, and its support of local education.

In 1996 the LWV began the offering of grants (for which it solicits written proposals) to the staff of ORR Junior and Senior High Schools and the tri-town elementary schools. These grants are to fund special projects, either self-contained or as an addition to an existing program, in the fields of natural resources or government. Starting with the offering of two grants of \$500 each, the LWV has been able to increase its funding to four grants a year thanks entirely to the support of its "Blue Book" advertisers.

MISSED SAVINGS

Do you still think it is cheaper to go on your own merry way and rent quarters rather than own a home? You're not alone. Many people believe that owning a home is more expensive than renting. On the surface that may seem true. But does a person who rents benefit from:

1. Tax savings?
2. Increasing equity?
3. Increases in home value due to inflation?

Say you bought a home three years ago for \$100,000. If it increases in value at 6% per year, the samehouse would be worth

\$120,247 today. Confess -- are you currently saving \$20,247. every three years?

Also, there's no disputing that home ownership is the best break there is. You don't need a crystal ball. In Congress, the one unviolated tax law principle seems to be that the homeowner gets the tax deduction for mortgage interest paid. In the early years of the mortgage, well over 90% of the monthly payment may consist of interest. That's one very big deduction.

in the past, the chorus will also perform several pieces from this concert the following evening at the Sippican Long-Term Health Care Center.

This year, the major piece to be performed by the chorus will be Marc-Antoine Charpentier's *Messe de Minuit pour Noel*, with orchestral accompaniment.

Interspersed throughout the mass, the ten French carols upon which the mass is based will also be sung. Soloists for the mass will be Deborah Doyle and Eileen Caron, sopranos; Karen Antonsen, alto; Krishan Oberoi and Charlie Jamieson, tenors; and Gerry Dyck, baritone.

During intermission, the orchestra will perform *Fantasy on Greensleeves* by Ralph Vaughan Williams and Gluck's *Minuet and Dance of the Blessed Spirits*, with Wendy Rolfe as flute soloist.

Ask The Chiropractor

BAHAMA HOUSE CHIROPRACTIC

DISCS: THE SPINE'S SHOCK ABSORBERS

Q What does the term "slipped disc" mean? Is there such a thing?

A First let's be sure we understand a little about what a spinal disc is and what it does. The bones of the spine (vertebrae) are separated and cushioned from one another by strong, elastic tissue that looks something like washers (as in nuts, bolts, and washers). We call those "washers" spinal discs. Discs average about one-half inch thick.

The structure of discs—a tough outerwall encasing a rubbery, spongy core—allows discs to compress incessantly, then recover their shape instantly (like a sponge). They help the spine absorb the shocks, knocks, bumps, twists, and bends encountered in everyday living.

Normally, discs do their job well for a lifetime, but sometimes, due to

injury, repeated occupational or recreational stresses, or other biomechanical tensions, a disc bulges and presses or pinches adjacent spinal nerves. This can cause great pain and is commonly (but inaccurately), called slipped disc.

When back pain strikes, the cause may be any of many possible spinal mechanical problems, including a bulged or herniated disc. A chiropractic examination will usually determine what is causing the pain and what to do about it.

YGRR Calendars Available

Established in 1985, the Yankee Golden Retriever Rescue, Inc. (YGRR) is a voluntary, non-profit charitable organization which is dedicated to providing veterinary care, comprehensive evaluation, and adoptive homes for Golden Retrievers who are abandoned, mistreated, neglected, or left in pounds throughout six New England states. Since its founding, YGRR has provided rescue services to thousands of Golden Retrievers.

This year's fund-raising calendar features "Misty" (#2108) who was relinquished to YGRR at the age of seven weeks with five of her littermates. The owner could not provide the puppy shots which were necessary for legal sale in that state. YGRR staff worked tirelessly to provide an enriching environment for this unsocialized litter of puppies to encourage appropriate behaviors in their future homes. Misty now spends her days playing with her new family which includes her Golden "cousins" Sandy and Shelby.

Calendars are now available at the following area locations:

- Mattapoisett - Blossoms, Denise's, Mahoney's, Plymouth County Dog Club;

MOVIE REVIEW

Nazi Cheese

BY ROB GONSALVES
local@wanderer.com

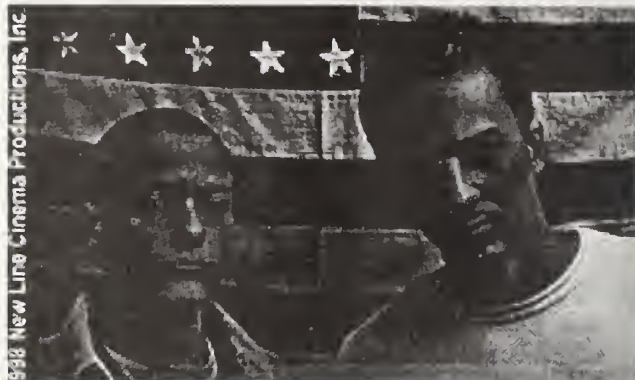

■ **American History X**. Starring Edward Norton and Edward Furlong. Directed by Tony Kaye. Running time: 118 minutes. MPAA rating: R. At Cinema 140 in New Bedford.

I'll begin by praising Edward Norton, the only reason to see *American History X*. Norton was magnetic in the lame *Rounders*; now he's even better in a far worse movie. Here he effortlessly slips into the tattooed skin of Derek Vinyard, a Venice Beach kid whose fireman dad was killed in a crack-house blaze. Derek pours his grief and rage into the cracked container of white supremacy; it's only a matter of time before he cracks, too. A brave and direct actor, Norton sells Derek's racist rants with scary conviction. His intonations and rhythms suggest a bright young man who's finally found a philosophy that makes sense to him. He makes you feel what it might be like to be a confused kid clinging to hatred.

For all his intelligence and skill, Norton can't save the movie he's stuck in, but to be fair, I doubt anyone could. *American History X* is trite rubbish — an ABC Afterschool Special pumped up with flashy, pretentious style and "gritty" realism. Derek, who's just gotten out of jail (for killing two black kids trying to steal his truck), has reformed and cast off his skinhead ways. Problem: his kid brother Danny (Edward Furlong), who idolizes Derek, has fallen in with skinheads himself. Derek must redeem himself by rescuing Danny from his own former madness.

The script, by David McKenna, is maddeningly sketchy. We're told that all the skinheads revere Derek, that he and a white supremacist (Stacy Keach) started the movement in Venice Beach. But though the movie has many flashbacks, we never see how Derek built himself up as a skinhead leader, or how he joined up with Keach. We don't really believe in Derek's rage over his father's death, because the one flashback featuring the two reveals little warmth between them. We don't believe Derek's mother (Beverly D'Angelo) could be such a disshrug that she'd let Danny keep Nazi decorations in his room even after Derek has gone to prison. (The women in this film are enablers, racist temptresses, or powerless whiners.)

Most of all, despite the best efforts of Norton and Furlong (who's good), we don't believe their reformation. Danny isn't a character; he's a blank kid

who'll do whatever Derek does. The key event for Derek, in prison, is when another skinhead rapes him — it's as if the movie is saying, "See, kids, this is what could happen if you hang swastikas in your room." When Danny hears the story, he seems changed, too. Forget brotherhood: the fear of anal rape is the real answer to social ills.

For a while, *American History X* flirts with *Clockwork Orange* territory. Derek visits his racist mentor and decks him, which seems suicidal, considering the dozens of skinheads partying in the next room. Isn't he afraid of reprisals against his family? Amazingly, McKenna drops this thread completely, but he wants an empty nihilistic ending, so we get a tragedy utterly out of left field. Characters like Derek's rabid girlfriend (an underused Fairuza Balk) fade in and out of the movie. Presiding over it all is Avery Brooks, of the great stentorian voice, as a wise double-Ph.D. teacher; this character, like the black convict (Guy Torry) who befriends Derek in jail, seems to exist only to defuse possible charges that the movie itself is racist.

Director Tony Kaye, who has made much noise about the film's being taken away from him and recut, doesn't seem interested in the inner workings of racists. His forte is grainy, banal images familiar from TV ads (which is Kaye's background). The only time he wakes us up is in the violent scenes, but any idiot can make us wince at the ugliness of beatings and shootings. With dialogue scenes, Kaye is hopeless — he takes the camera so close in that you could lose your hand inside the pores in Edward Norton's left nostril. The thin skin of Kaye's style can't cover the story's bare bones. *American History X* wants to be a fire-breathing melodrama, but it just blows stale air into your face. Edward Norton cuts through some of it. But a powerful young actor can only do so much.

This Week's Horoscope

by Linda Black

Aries (March 21-April 19). Let an older person coach you and you could wind up becoming much more efficient. Hang around with your craziest friends, just for the excitement.

Taurus (April 20-May 20). Your hopes and dreams seem almost within reach. Go ahead and let someone talk you into doing something you would not otherwise have dared.

Gemini (May 21-June 21). Life can be kind of a challenge, while the sun's in Sagittarius. Going back instead of forward is your wisest move.

Cancer (June 22-July 22). One of your major problems is that you tend to think you're the only one who can do the job well. Get over that impulse by allowing a partner to help.

Leo (July 23-Aug. 22). You might have to work while you'd rather be playing. Why don't you just accept responsibility, and do the work that needs to be done?

Virgo (Aug. 23-Sept. 22). You're very lucky in love, but it looks like you're supposed to be doing something else.

Libra (Sept. 23-Oct. 23). You'll want to entertain company, especially one person in particular. A fascinating conversation could lead to a forever commitment.

Scorpio (Oct. 24-Nov. 21). The moon is in Capricorn. Capricorn teaches you, usually through experience. You don't forget this kind of lesson.

Sagittarius (Nov. 22-Dec. 21). Your ability to communicate about things that have gone on in the past is excellent, and you may even have a few amazing insights about those.

Capricorn (Dec. 22-Jan. 19). The moon is in your sign, giving you just the extra determination you need to tackle a big challenge.

Aquarius (Jan. 20-Feb. 18). You love doing stuff with other people, whether it be partying or having great conversations. All those things will be coming up for you.

Pisces (Feb. 19-March 20). Looks like you've got a challenging time ahead of you, but your friends are there to support you.

If You're Having a Birthday This Week: Money is your theme this year, and you can make your dreams come true.

Fairhaven Fishermen's Association

Everyone is cordially invited to attend the Fairhaven Fishermen's Association's monthly meetings. Meetings are held on the last Wednesday of every month at The Fairhaven Varsity Club, 9 Adams Street, in Fairhaven beginning at 7:00 pm.

The Fairhaven Fishermen's Association was recently formed by concerned citizens working together to get a Seed Program established in the Town of Fairhaven to help replenish the waters. The group's agenda includes:

- Replenishing shellfish stock with a clean seed program;
- Improving water quality;
- Develop new ways to grow shellfish for propagation;
- Promote and market shellfish;
- Find some way to provide health insurance to our commercial shellfishermen.

A member of the town's shellfish department will be there to answer questions.

Meetings are held on the last Wednesday of every month at 7:00 pm at The Fairhaven Varsity Club, 12 Adams Street, in Fairhaven. For more information, please contact Greg Leal, President of the Fairhaven Shellfishermen's Association, at 993-1064.
